OUR DEFINITION OF SUCCESS

WHAT DO WE DO WITH DATA?

WHAT DO WE DO WITH DATA?

WHAT DOES YOUR SCHOOL TYPICALLY DO?

Which is your school **better** at?

HOW WE USE DATA

- » To ask better **questions**
- » To explore **variation**
- » To inform the development of **policies and practices**
- » To **share** with stakeholders

HOW WE **DON'T** USE DATA

- » To describe the **whole story**
- » To blame or shame a **stakeholder group**
- » To exacerbate existing or establish **inequities**

EXPERIENCES OF **SHARING & USING DATA**

When has your school been successful at sharing data?

When has your school not been so successful?

SHARE! BUT BEFORE YOU SHARE....

- ❑ Does the framing build trust & avoid blame?
- ❑ Where is there evidence of what is working well?
- ❑ Are we aware of biases & assumptions?
- ❑ How do the results reflect our shared values & aspirations?
