WHAT IS FLINT?

Flint is an AI platform built for independent schools.

Having Flint is like having a vastly knowledgeable and infinitely patient teaching assistant for each student.

HOW IS FLINT USED?

1. Teachers define learning objectives.
2. Flint provides personalized learning, guiding students to achieve and surpass learning objectives.
3. Both teachers and students get AI-powered feedback on students' strengths and weaknesses.

WHY FLINT?

Flint helps teachers widen and deepen their teaching scope and provides them insights into students' learning processes.

Our AI gives personalized support to students who struggle and enables students who excel to fly higher.
